Monday is Patriot's Day and there will be no sessions in the schools comprising the Norway-Oxford-Waterford districts.
Norway High School baseball team won this season last Saturday afternoon at South Paris with Paris High. Games are more than even, the field will be soft and the game rather slow, but the faithful are going over in force and both teams a lift.
Rev. Andrews of South Paris, for some time, the office of the office of Harry M. Shaw, has accepted a position in the dressmaking department at the Brown, Buck & Company store.
Labor troubles on the railroad in various parts of the country have placed obstacles on express and freight shipments. No goods for points outside New England are accepted at the express office and shipments beyond Boston by freight are turned down at Norway station. Express shipments to several points in Maine were held up because of freights.

Frank W. Farnum returned Tuesday from a trip to Lynn, Boston and other Massachusetts cities. He spent several days with his daughter, Mrs. Walter Leavitt.
Frank Staver of Auburn will begin Monday as head baker at the Twin Town Bakery. Owing to the large growth in business since locating here, Mr. Walker is unable to carry on the bakery without experienced help and Mr. Staver will prove the right person for the business.
Mr. Staver is no stranger in town having worked in the well known Pingree bakery some years ago. Since that time he has been associated with several large concerns and fully equipped with a knowledge of every phase of the trade.
Cleve Goodwin completes his engagement as driver of the express team, Saturday night. Arthur Thompson who will take his place is on the team this week learning the ropes.
More than an inch and a half of rain fell from Monday afternoon until Tuesday night. The low lands were flooded and the lake was raised to a high level. The power station at South Paris shut down and the power house at Norway changed to steam because of water backing into the wheel pits.
G. Boardman Smith was in town recently demonstrating penmanship and chalk drawing at the high school. Mr. Smith has been coming here more than twenty years.

NORWAY, ME. FRIDAY, APRIL 16, 1920.

VOLUME LI

OPEN LETTER

Of the Rev. C. J. Cassidy to the County Attorney of the County of Oxford; to the Selectmen of the Town of Norway, to the citizens of Norway and South Paris.

April tenth, 1920.

Gentlemen:
Quite recently I planned, for the moral and educational improvement of the people of this community, as well as for the material benefit of my parish, to present, on a Sunday evening, a photographic lecture, product of the Catholic Art Association of New York, which I considered a beautiful and impressive sermon in pictures. To my unspeakable surprise, protest was made by several ministers (Baltzer and Sullivan) who indignantly requested the Town Officials to interfere and call a halt to my proceedings, which they forthwith did, and inasmuch as they invoked for their purpose, on the advice of Hon. Judge Jones, a Statute of the State Laws, I felt it my duty to abandon my project.

Here is the Statute invoked: From Chapter 126, Sec. 35 of the Revised Statutes of the Laws of the State of Maine: "Whoever on the Lord's Day, keeps open his shop, warehouse, or place of business, or travels or does any work of labor or business on that day, except works of necessity or charity; uses any sport, game or recreation; or is present at any dancing, public diversion, show or entertainment, encouraging the same, shall be punished by fine not exceeding ten dollars."

Now as it is the part of a clergyman to respect and compel others to respect all Law, and as zeal for the Sanctity of the Lord's Day should animate us one and all, I feel exceedingly well pleased and gratified over the action of the ministers, and will see to it that the Law of the State be scrupulously observed in so far as in me lies, and I here and now call attention to the fact that the Sunday Chautauque held last summer exposed my church, was a flagrant violation of the Statute invoked against me, and I find it more than passing strange that the Ministers who waxed so indignant over my project, not only were silent in the case of the Sunday Chautauque, but encouraged it, and (as I am told) were present at it, and therefore liable to a fine of ten dollars.

In view of the foregoing I would now lift my voice in strenuous protest against a repetition of the Sunday Chautauque, and I hope the Committee will take the matter seriously to heart, and out of respect for the Laws of the State of Maine, as well as out of zeal for the Sanctity of the Lord's Day, cancel from now forth the holding of the Sunday Chautauque.

"It is human to err; to persevere in error is demerit."

Very respectfully,

C. J. Cassidy.

Interest on bonds, 1920 3,250.00
Interest on bonds, 1921 500.00
Waterworks 1,500.00
Sprinkling Streets 1,500.00
New Fire Alarm System 2,000.00
Total \$10,850.00

Voted to have poll taxes due and payable May 13, all other taxes due on Dec. 1, six per cent. interest charges after Jan. 1, 1921.
Voted to purchase bonds for the treasurer and collector.
Voted to abate the taxes to be assessed against Mary P. Canwell for the ensuing year.

That we need a new up-to-date fire alarm system in place of our uncertain equipment was a fact presented in a convincing statement by George F. Hathaway. He went over the system with an expert and disapproved of it, saying the boxes not working properly and practically worthless; the strikers worn out and must be replaced and the system on a whole practically junk. An interview with the shoe factory officials brought out a proposal from L. M. Carroll to place a six inch whistle on the roof of the Carroll, Johnson Co. factory and guaranteed steam would be kept at fifty pounds pressure at all times. The mechanism to blow the signals could be located in the factory and the whistle all piping required to connect the whistle to the boiler. Engineers estimated the cost as follows: alarm boxes, chime whistle and mechanism \$1600, one and a half miles of wire \$300, total \$1900. The motion to purchase was carried unanimously.

Voted to authorize the treasurer with the approval of the assessors to borrow in anticipation of the revenue, giving notes payable within one year from date. Confusion reigned in discussing the three following articles. Considerable time was required to interpret the fine points and separate the questions for intelligent debate:
Art. 16. To see if the Corporation will vote to sprinkle all or a part of its public ways or streets or portions thereof in whole or in part, under the provisions of Chap. 4, Sec. 94, Revised Statutes of Maine.
Art. 17. To see if the Corporation will determine what public ways or streets or portions thereof shall be sprinkled in whole or in part of the abutters thereon under the provisions of Chap. 4, Sec. 94, Revised Statutes of Maine.
Art. 18. To see what sum of money the Corporation will vote to grant and raise for the purposes of Art. 16 and Art. 17.

In discussing Art. 16 it developed that sprinkling was a public necessity; that the business men and others had carried the expense burden while many receiving a direct benefit next to none; that an income by popular subscription was not sufficient to support the auto sprinkler service without an excess burden falling on a few. It was voted to have municipal sprinkling.
In discussing Art. 17 it was voted to sprinkle practically the same streets cared for by Timothy L. Heath last summer, which were considered the main thoroughfares. Voted the corporation pay one-half the amount to be raised and the abutters the remainder.
Voted on Art. 18 to raise \$1500. The corporation to pay \$750 by the regular assessment and abutters to pay an equal sum by taxation in proportion to the benefits derived, same to be determined by the assessors.

Considerable debate arose over the purchase of three watchman's clocks to be installed in appropriate localities. The motion by E. N. Sweet to pass over the article was lost. Explaining his position he said \$600 was a small price for a watchman who was willing to perform that duty for the price. If clocks were installed he believed a man could not be hired for \$1,000 because of the added burden. T. P. Richardson led the forces favorable to keeping tabs on the night men and carried the vote to purchase clocks and install the same.

Mrs. Lester Horne, who has been stopping at her father's, H. D. Smith's for six months while Dr. Horne has been in Ireland for a special course, has returned home to Fairhaven, Mass. Her elder son, Howard, will remain in town until the close of the school year, and Ronald returns home with his mother.
At the meeting of Mrs. H. Stone Post American Legion, Monday evening, April 26 at K. of P. Hall through the efforts of Dr. B. F. Bradbury, General George McL. Presson will address the Legion.

Rev. M. O. Baltzer spent Monday and Tuesday in East Sumner, Ramford and District in the interests of the Inter-church financial campaign. He is to visit Bethel and Gilead the last of this week and will present the matter in a preaching service at Norway Center next Sunday afternoon at the usual hour.
Mrs. J. Mills in the morning took the small upstairs rent at the John Sampson house and will move in at once, the Sampsons retaining several of the rooms on the second floor. Mr. and Mrs. Mills are employed at the Carroll-Jellison factory in Mr. Mills in the morning and Mrs. Mills in the box department.

Melvin C. Smith, son of Mr. and Mrs. Freeman Smith, who recently enlisted in the regular army, has been transferred to Camp Travis, Texas, and assigned to Battery C, 16th Field Artillery.
Albert A. Towne is the democratic candidate for the legislature from this district.

George A. Brooks

After some months of failing health resulting in a bad spell several weeks ago, George Almon Brooks, a life long resident of Norway, passed away at his home on Water street, Sunday morning, April 11. Heart failure was the cause of his death.

He was born in Paris, May 27, 1841, the son of Thomas G. and Marjorie Pray Brooks. After receiving a general education at Norway Academy and completing a business course at Bryant & Stratton's Mercantile College, he opened a general store in Norway village which was carried on successfully for a number of years. Retiring as a trader, he entered the employ of C. B. Cummings & Sons as bookkeeper. Later he served as an accountant in several prominent business houses in Norway until retiring to practice agriculture.

His religious preferences were Congregationalist. He was affiliated with no orders or clubs. The deceased was a staunch democrat and widely known in Oxford County as an earnest worker, and supporter of the principles endorsed by the National organization. He had been prominent in business affairs of the town and held public offices. He had served on the election board at the polling booth many years.

Mr. Brooks married Etta J. Houghton, daughter of Mr. and Mrs. Moses Houghton of Norway, on October 9, 1876. She died eight years later. On November 16, 1886 he was united in marriage with Alice E. Warren of Norway, daughter of Mr. and Mrs. William Warren, who survives him. There were no children.

Services were held at his late home, Wednesday, Rev. D. A. Ball officiated. The bearers were Jesse Allard, Stephen B. Cummings, Edwin S. Cummings and Howard E. Moulton. Burial was at Restfield Cemetery, Norway.

Mrs. Minervia L. Chandler

Mrs. Minervia L. Chandler, wife of Alfred P. Chandler, passed away Monday morning, April 12, at the C. M. G. Hospital at Lewiston.

Mrs. Chandler was born in Milan, N. H., 73 years ago, on June 26, 1846, the daughter of Herman and Lucy Ellingwood. She was united in marriage to Alfred P. Chandler of Milan 51 years ago. During their married life, they have resided in Milan, Bryant's Pond, Rumford, New York and Norway. For a number of years they run the Lakeside Hotel at Umbagog Lake and for several years were care takers of Henry Ward Beecher's summer home at Peakskill, N. Y. During the past seven years they have resided in Norway caring for F. W. Sanborn's cottages at Round Pond.

During the past few years, Mrs. Chandler has been in failing health. She suffered a shock. About three weeks ago she was taken to the C. M. G. Hospital for treatment but she gradually failed until the end came.

Besides her husband, A. P. Chandler, she is survived by three sisters, Mrs. O. J. Coffin, of Bryant Pond, Mrs. L. M. Williamson of Berlin, N. H., and Mrs. Alice Coffin of Rumford Center, and several nieces and nephews.

The funeral was held Thursday morning at 10 o'clock at Spiller's Undertaking Rooms, Rev. C. G. Miller of South Paris officiating. Interment will take place at Milan, N. H.

Athletic Show Well Attended

The athletic show at Norway Opera House, Monday evening, was not played under local management as expected when plans were being made to stage the event. Somewhat unexpectedly the tables turned and the affair went into an exhibition largely from out of the state performers with just enough local color to attract patronage.

Frank Stairs, who expected to promote an athletic carnival on that date was allowed to referee the wrestling bouts. Beyond this honor his connection with the event ceased and he is in no way responsible for the program given.

The principal act was wrestling by Vodelfi and Bolos Deter of Cambridge, Mass. They gave a two fall demonstration lasting thirty-two minutes. A fine exhibition of handling heavy weights was staged by Young Magiste. Bar-bells and dumb bells weighing from a hundred to three hundred or more pounds were juggled easily in a clever manner and along professional lines. No local boys competed in this event.

One of our local wrestlers failed to put in an appearance and a match was finally arranged with "Bob" Shaw of South Paris and Mike Nadir of Norway. They went twenty minutes without a fall. A "Spile" Leiger of Norway and Langan of Rockland matched, didn't connect as Langan failed to report.
The attendance was good considering the rain and hard traveling.

Fast Bouts With Home Talent

Promoter Frank Stairs stages a home talent wrestling show at Norway Opera House Thursday evening, April 15, at 8:30 o'clock. Homer Truman of Norway and A. K. Birch, the smiling Finn are matched to go the limit, which means best two out of three falls. Real stuff will be shown as both are confident of victory.

"Cyk" McGinley of South Paris and Sullivan of Waterville plan to mix things in a lively manner during their three fall battle. Both wrestlers have been seen in action here and are known to work clean and rapid.

Orest Valdaif of Cambridge, Mass., who defeated Birch in the last match is expected to act as referee in both matches. Winners take all in both numbers.

As a guarantee of good faith, Manager Stairs is playing this show under a money back proposition if any patron is dissatisfied, or if the program is not carried out as advertised barring accident or sickness.

SOUTH PARIS

Paris Manufacturing Company Insures Their Men

The Paris Mfg. Co. have arranged with one of the large insurance companies to insure every man in their employ, in South and West Paris, who has worked for them for three months or more, for one thousand dollars each. This is in addition to the accident insurance, and is entirely free to the men, regardless of age, or physical condition.

In addition to this, the company have just made another advance in wages, which makes the seventh advance since the upward trend of high costs began. The company also gives a bonus at the beginning of each year to the men who have worked continually for them during the preceding year, the amount of which varies with the level of the year. The men have been employed by the company. The bonus averages to a considerable amount to each man, and during the past three years about \$20,000.00 has been paid to the men besides their weekly wages.

The company are very nearly sold up on all lines, for the year, and have called their salesmen in and are taking orders for a few lines only. An unusual amount of export orders are coming this year in addition to the increased demand for their goods in this country.

Wedding Anniversary Observed

Mr. and Mrs. J. Hastings Bean were given a surprise party by a group of friends recently, the occasion being the fortieth anniversary of Mr. and Mrs. Bean's wedding. The evening was spent in a social way. Verses composed by Albert W. Walker were read by him, and by a strange coincidence he was celebrating his birthday on the same date. Alton C. Wheeler, on behalf of the guests presented Mr. and Mrs. Bean an oak rocking chair upholstered in leather.

J. Hastings Bean and Cora E. Mason were married at Mason April 6, 1880 and resided there several years. In 1894 Mr. Bean was elected register of deeds for Oxford County, an office which he held for twenty years, and in 1895 the family moved to South Paris which has since been their home. He is president of the South Paris Savings Bank, secretary of the Paris Trust Co., and holds other public offices. While a resident of Mason, he represented the class of towns of which that was a part for a term in the legislature. Their only son, Donald H. Bean, also resides at South Paris.

Mortgage Burned

The South Paris Universalist Society burned \$3,500 in the form of a mortgage and notes at an impressive service Tuesday evening, April 6. According to a vote of the parish, the church property will be transferred to the Universalist State Convention and become a permanent institution.

This special service was preceded by the regular supper of the Ladies' Social Union. At 8 o'clock Rev. C. G. Miller presided at the exercises held in the auditorium. A musical program arranged by Mrs. Agnes L. Morton, the organist, included selections by the Aeolian Quartet; a vocal solo by Mattie Leach, violin solo by Alfred Cota; vocal solo by Mrs. Earl W. Farnum with violin obligato by Mr. Cota, and congregational singing.

Congratulatory and fraternal remarks were made by Rev. C. W. Rogers of the Congregational Church and Rev. J. L. Wilson of the Baptist Church. Rev. D. T. Faulkner of the Methodist denomination was unable to attend, but extended his congratulations.

Mrs. Kate Linder

After some months of failing health, Mrs. Kate Linder died at her home in South Paris shortly before noon Friday, April 9. Mrs. Linder was the daughter of the late Frank H. and Ellen (Dunn) Skillings and was born in South Paris, Maine, 1863. Early in life she moved West with her parents and grew up with the country. She married Louis Linder, and they lived in Mankato, Minn. Mr. Linder died some twenty years ago. About three years and a half ago Mrs. Linder came to make her home with her sister, Mrs. Cora S. Briggs.

Mrs. Linder leaves three daughters, Mrs. Alma Harriman of Mankato, Minn., Lotta, wife of Will Clark, of Seattle, Wash., and Cora, wife of J. Clifford Thayer of Mankato, and one son, Leo, who was in the service during the war, and has since been located in Detroit. All of these children except the daughter first named have been here for the past few weeks. She is also survived by one sister, Mrs. Briggs.

The funeral Saturday afternoon was attended by Rev. C. W. Rogers, and the remains, accompanied by the two daughters and the son, started on the evening train for Mankato for burial.

Ella J. Libby

Ella J. Libby died Saturday night in the Peter Bent Brigham Hospital in Boston, at the age of 61 years. Miss Libby was the daughter of the late Ezekiah and Laura N. (Thayer) Libby. Her mother was the daughter of Ziba and Elmer Thayer, and was born and spent her early years in Paris and the members of the family have been occasional visitors here. Miss Libby is survived by two sisters, Mrs. Dana Chapman of Wallcut, Farms, Mass., and Alice Libby of Wallcut, Mass.

Loan and Building Association
Thomas A. Sanders of Portland was the speaker at the South Paris Board of Trade meeting held recently at the fire station. A loan and building association was formed and some three hundred shares subscribed at the meeting. The plan endorsed by the local board is in the nature of a co-operative bank. The members buy stock which under normal conditions matures in about ten years. Holders of stock pay one dollar monthly, or any sum agreed upon, for each share held, and this sum constitutes the working capital of the association. If a man wishes to build or buy a home and has not the ready money, he can become a member of the association and take shares enough to cover the amount of his purchase, mortgage the property to the association and begin paying for it at once, one dollar on each share per month with a twelfth part of the yearly interest, the same as he pays rent. When his shares mature he has paid for his house and at the same time receives interest on his shares. As an investment of pocket money the same idea can be carried out and good sum realized from the interest.

Rev. Clarence Emery of Mexico was in town recently. He is director in Oxford County of the campaign organized by the Baptists throughout the north and west seek to raise \$100,000.00 between April 25 and May 2nd.

Plenty of Proof

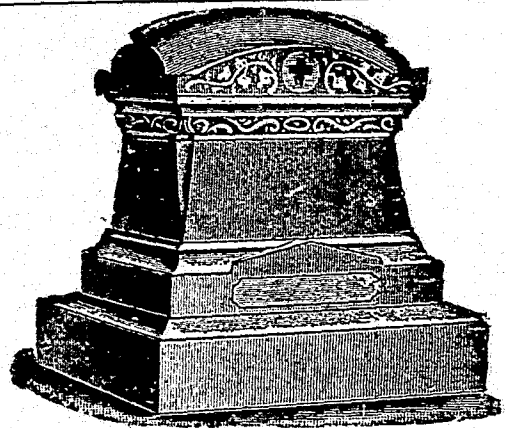

From People You Know—From Norway
Citizens

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Norway, of people who can be seen at any time. Read the following case of it:

M. M. Kilgore, Danforth Street, Norway, says: "I had backache and rheumatic pains for more than a year, caused by disordered kidneys. My kidneys acted irregularly and I was so lame and sore across the small of my back I could hardly stand. At night I rested but little, and was feeling miserable most of the time. I finally got Doan's Kidney Pills at F. P. Stone's Drug Store and a few boxes cured me."

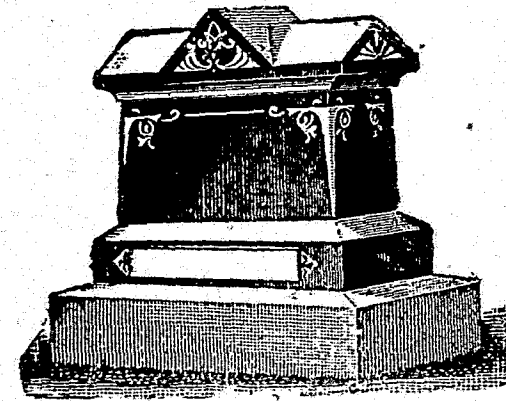

Permanent Results
Over seven years later Mr. Kilgore said: "I gladly recommend Doan's Kidney Pills again as I am still a firm believer in them. The cure Doan's gave me has proven permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kilgore had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

34 Years Work

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more per church member than he was paid 34 years ago.

The Minister Never Fails You

Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

8 out of every 10 ministers receive less than \$20 a week—about half the pay of a mechanic.

We Pay Him Half the Wages of a Mechanic

And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 3c a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

We Are All Profiteers at Their Expense

Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plan, and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can ever make.

YOUR CHILDREN

NEED LAXATIVE

The children need your closest attention, especially after "stuffing" themselves with sweets, etc., at a party or the like!

Children are liable to get up in the morning complaining of cramps, bad tasting mouth; liable to have puffed eyes from restless slumber; feel tired and cranky; distempored and whimpering. Act promptly. Give them a dose of Worm Expeller, the Family Laxative and Worm Expeller, which millions of mothers were given by their parents, and who themselves are administering today, to their little ones.

Only the purest of herbs are used—no harmful drugs—relieve pleasantly the ordinary cases of children's illness, constipation, worms, etc.

Symptoms of Worms: Constipation, deranged stomach, swollen upper lip, sour stomach, of fetid breath, hard and full belly, with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and watery, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out from the tongue, starting during sleep, slow fever.

Write Wm. G. Bonin of Oadado, Oklahoma, wrote regarding Dr. True's Elvita: "We have used it for our children for the last twelve years, and certainly know the value of it."

Central Maine Power Company Offers you an opportunity to share in ownership and earnings

As soon as the Central Maine Power Company secures the permission of the Public Utilities Commission for its consolidation with the Oxford County Electric Company and as soon as the frost is out of the ground, immediate steps will be taken to inter-connect Oxford County with Central Maine Power Company lines.

When the Central Maine Power Company will enter upon its duties and responsibilities in Oxford County, it will do so with due regard for three guiding principles of service:

1. To give its customers, not as LITTLE as is possible, but as MUCH AS IS POSSIBLE in value for every dollar paid the company.
2. To extend its lines, in so far as it is commercially possible, to every community which desires electric service.
3. To offer its customers, through its plan of customer ownership, a chance to share in the ownership and in the earnings of the company.

Customer ownership is one of the new and vital forces to-day in the existence of public service corporations.

Customer ownership, though inaugurated under that name in 1913 in California, was begun in a small way--but systematically--by the Central Maine Power Company even before that time through the sale of its preferred stock to its customers.

The customer ownership plan of this company met with success and approval. The company stands, to-day, we believe, at the head of the public utility companies of the United States in its percentage of customer ownership.

One out of every ten of its customers owns its preferred stock.

Or, to put it another way, 72 per cent. of its stockholders are customers of the company.

A large and growing proportion of its stock is owned by its employees as well.

When customer ownership is combined, as it is in the Central Maine Power Company, with so large a degree of employee ownership, a state of three sided agreement, friendship and cooperation is attained, which results inevitably in a smooth running organization, on friendly terms alike with employees and customers.

Such a company is sure of a square deal, because it GIVES a square deal.

Customer ownership makes for customer friendliness. It makes for business and higher efficiency. Its customer-stockholders are ever working for the good interests of the company. They are on the lookout for more business. They suggest efficiencies and economies.

We recognize that nothing can do more to assure us a friendly reception in the territory of the Oxford Electric Company than to begin at once to lay the foundations in Oxford County for customer ownership.

We plan, therefore, to start immediately with a force of our regular salesmen to call upon the people of Oxford County and to explain to them our plan of customer ownership.

Large as our force is, it will be physically impossible for the salesmen to call on all those who will be interested in this plan of ours.

In order that you may fully understand it yourself, why not fill out the coupon and let us send you some information. This involves no cost or obligation.

The stock which we sell is the 7 per cent. cumulative preferred stock of the Central Maine Power Company.

The price is \$107.50 a share—the yield $6\frac{1}{2}$ per cent. net.

For those who wish to combine investment with a regular plan of saving, terms of \$10 down and \$10 a share per month can be arranged. Today over 400 of our customers are buying our preferred stock on that basis. They get $6\frac{1}{2}$ per cent. interest on their divided payments.

JOSEPH ANDREWS' CALIFORNIA
VISIT

Glendale, Calif., April 3, 1920.
Dear Advertiser: Continuing my story in the Advertiser of Feb. 13th. On Feb. 10th, my sister and I went to San Diego for a month's stay. We rented two furnished housekeeping rooms near the harbor, Balbo Park, and business center for \$25.00 a month with gas furnished. A pleasant feature of our location was that a nephew, C. E. Andrews, lived near us and a niece, Mrs. Viola Fessenden and her daughter, Lucy, in East San Diego, and another kinsman, E. P. Fitch, at Lakeside, about 20 miles out in the country, with whom we visited. Mrs. Fessenden and Mr. Fitch were born and raised at South Bridgton, Maine.

The latter half of the acre alfalfa ranch and is starting an extensive chicken ranch with his daughter, Maud, as housekeeper, and assistant manager. San Diego is the farthest south of any city in the U. S. It has a wonderful climate and a grand situation, with one of the world's finest harbors on one side and grand old Balbo Park, where the World's Fair was held as a back ground. For perhaps three-fourths of a mile back along the harbor front the ground is level, then breaks into many hills and ridges whereon are built many fine hotels, rooming houses, bungalows and cottages.

San Diego is long on climate, flowers, fruits and nuts, but her most productive crop is the tourist trade. During the world war they had poor picking for the tourist crop was poor, but during the past prosperous year there has been an overflow. Hundreds of new houses have been built and many private houses have been opened to take care of the overflow. The city had a population in 1910 of over 53,000, and I think that at least three-fourths of the buildings are to accommodate the tourist trade.

What I have said of San Diego will apply, I think, to most of the cities of South California. The month and three days that we spent at San Diego were very pleasant ones. My sister was busy with her fancy work and did not go out, but little, while I and my nephew almost every day, took long walks around the city streets. We went fishing three times and caught nice strings of small mackerel, smelts, and perch. We watched the great sea planes fly like giant birds, light upon the water, and rise again and mount high in the air; we watched the fishing boats unload great loads of big, fine fish and we saw hundreds of blue-coated Marines going and coming from the more than fifty destroyers at anchor in the harbor, each boat with four big smokestacks, and armed with a 3-inch rapid fire gun fore and aft, and two 5-inch guns and two torpedo tubes amidship.

From Glendale I have made several trips to some of the Beach towns, for I love to wander along the seashore and listen to what the wild waves say. While at Long Beach one day I walked out on the long, two-story pier where more than fifty fishermen were having unusually good luck catching what was to me, a new species of fish. They looked very much like the chub, and would average about 1-2 lb. in weight. I asked one man the name, and he told me, but I have forgotten, but he said some called them the "Fourrest" as they would bite any kind of bait. Rather a joke on the down East tourist, I thought.

Saturday, March 27, was Naval Reserve Farce Day at San Pedro. I went and was well repaid for going. I saw several submarines, sub chasers, Eagle boats, and the U-B-88 ex-German submarine. I also visited the battleship Idaho, one of the newest and most powerful of our warships. The Idaho with her twelve, fourteen-inch and smaller guns, and her great electric power, is indeed a mighty Man-of-War. We were told that when plans now underway are carried out, our

Navy will outclass the largest Navy in the world. May the happy day soon come when the "Nations will learn no more" and a League of Nations or some other League be formed that will keep us out of all future wars.

Besides being noted for her fruit, flowers and tourist crop, California is also noted for her good roads. My sister and I went to San Diego in an auto stage, the road either paved or oiled all the way. The distance each way was 130 miles and the time going five hours, the same returning, and it was one of the most pleasant rides I ever enjoyed.

If I could name the next President, I think it would be either Hoover, Wood or Lowden. Johnson lost many votes in California by the stand he took on the League of Nations and many republicans all over the country have not forgotten the stab in the back he gave Hughes four years ago, thereby re-electing as President the man who so skillfully "kept us out of war" until after the election.

Yours truly,
Joseph Andrews.

The sultan of Muscat rules what is probably the hottest country on earth. A fifteenth century traveler wrote of Muscat, "The heat was so intense that it burned the marrow in the bones, the sword in its scabbard melted like wax, and the gems that adorned the hands of my dagger were reduced to coal." Possibly a little exaggerated. Still, the thermometer has registered 183 degrees in the sun in Muscat and 107 degrees even at night, so the visitors are grateful for those grapes that Muscat christens by the sweat of its brow.

LOSS OF APPETITE

Pimples and Other Eruptions—Mental and Physical Weariness.

They are all common at this time of year, and are all indications that the blood is wanting in the power to defend the body against infectious and contagious diseases, because they are all indications that it needs cleansing, enriching and vitalizing.

It is important to give them attention—it is in fact, hazardous to neglect them.

Paint and Varnish

Spring is here and also cleaning and painting comes with it. You will need paint and varnish to make everything look nice and clean. But you must have good paint and varnish to do it.

We sell Bay State Paint for buildings, inside and outside, for barns, outbuildings, roofs, etc. This is a No. 1 grade of Paint made from the best of materials. (Proportions adjusted by experience and scientific adaptation to New England conditions). Bay State Paint will cover about twenty-five percent more than ordinary paint mixed by hand.

Chi-namel Varnishes are the Quality Finish for everything in the home. One test of Chi-namel Finishes upon your floors, woodwork or furniture will confirm their sheer merit, which has earned their enormous sale at home and abroad since their introduction fifteen years ago. They are the easiest for amateur or professional painters to apply, because they are self-leveling, hence leave no laps or brush marks. Chi-namel Varnishes never chip, crack or show white scratches and never show heel-marks. Chi-namel is the easiest compound to do graining with on the market.

Communication from State Lecturer, C. H. H. Hutchinson, announced that Bear River Grange won the \$10.00 prize which was offered in the State Contest to the Grange which should excel in literary work for 1919. Granges throughout the State of Maine are responding nobly to the appeal which was sent out a short time ago from the campaign headquarters of the Maine Institute for the Blind in this city asking support in the State-wide campaign being conducted for the benefit of the blind of Maine. The object of the campaign is to complete a fund of \$150,000, the sum of \$37,500, having been appropriated by the State to assist in carrying out the enlargement project planned for the local institution. Property adjacent to the present buildings is to be erected where an amount sufficient to take advantage of the option now held is raised within a period of ten days. Upon this land buildings are to be erected where the adult male blind may be housed and where the juvenile blind, now educated in Boston, may receive instruction without having to go out of their own State. Every man, woman and child in Maine has been asked to contribute and granges in various parts of the State have responded splendidly.

The Eureka

Electric Vacuum Cleaner

The Eureka has the highest vacuum of any portable fan type cleaner made. Its motor creates a great volume of air which rushes through the nozzle at such a high velocity that all the dirty embedded dirt is instantly whizzed up into the dust bag. It does not injure the carpet or rug. It not only removes all the surface dirt but goes down deep into the fabric and gets all the dirt. No belts or gears to break or get out of order. No adjustment necessary. Just press the convenient switch control under the thumb, run the Eureka over and your sweeping is done.

We Dropped Our

"H's"

We'd call the new Spring Hats "andsome 'ats," but being strictly American from head to foot, we admit that they are wonderfully good looking and then on to say that they were made in America—the country that never took its hat off to any nation for making hats, heroes or history. This is only a little Spring Hat announcement in which we have injected a pat of patriotism. We are back of these new fashions and we are back of the Grand Old Flag under which they were built—and we enjoy the opportunity of talking about both in the same breath.

Sim Harriman, high school janitor, says that for the same reason as the coming census will show it. W. and see.

Bert Frost on Pike Hill sent in some horse-drawn that filled the bill. A branch of fiery spring goods is on sale at Brooks store.

Some people were saving meat, making saving week for the same reason. The little girl did not want any pie—"cause there ain't any." The strike of railroad employees curtailed the western delivery.

Norway Grange are to have a May ball at their hall on the evening of Friday, April 30. Good music will be provided. The affair is for the benefit of the grange. The Farmers Union unloaded the past week 40 tons of fertilizer and a car load of chemicals for all of which orders have been received.

Charles W. Clark of the Clark Drug Co. is taking a week's vacation from his store duties.

Harry Rust No. 45, W. R. C. served a public dinner at Woodman Hall, Thursday, and the popularity of the dinners was manifest by the large patronage, as about 200 were fed and many were turned away on account of the seating capacity. The committee from the Corps, consisting of Mrs. Sadie Lapham, Mrs. Vera Kilgore, Mrs. Annie Beck and Mrs. Grace Whitman were assisted by a committee from Elizabeth Crockett Blue Tent, No. 8, Daughters of Veterans, comprised of Mrs. Bertha Sturtevant, Mrs. Nettie Nevers, Mrs. Mildred Nevers, Mrs. Ida Gammon and Mrs. Eunice Marston.

The object of the dinner was to raise money to assist in the Memorial Day games and the Daughters of Veterans are to serve a similar dinner in May for the same purpose, assisted by a committee from the Corps. Plans are under way to secure Grange hall for this purpose, that every one one may be seated at noon. At supper time a cent stamp per was served the members of the Corps and this raised the amount for the Memorial Day fund to over \$50. The regular lodge session followed the supper with a good number present. The committee was appointed as follows to assist the M. of V. at their Patriotic dinner: M. Emma Swan, Mrs. Ida Gammon, Mrs. Grace Ochoa, Mrs. Helen Canwell, Mrs. Sadie Kline. The mystery box was drawn by Mrs. Jennie Richardson.

The next meeting, May 6, there will be work on two candidates, and a picnic lunch will follow in charge of Mrs. J. solda Banks.

H. Ray Bennett questions the story of a fire log of Prof. Phineas Nichols, statement that "thunder kills mulechicks." Ray secured 21 normal chicks from 26 eggs, the hatch came off April 14 just 6 days after our first thunder shower. This is a good record for early birds.

Harry A. Gibson has sold his grain business to the Farmers' Union, who will secure the grain mill property and carry on. Although legal formalities have not been completed, pending the result of a canvass for subscriptions, the transfer reasonably certain as members of the Union are enthusiastic over the proposition and a large sum of money has been raised to date. Mr. Gibson and family are talking strongly of locating in California next fall.

Frank Stairs will accompany Ova Vadali and Juan Ochoa to Rumford, Saturday, where a wrestling match and heavy weight lifting will be staged at the Arcade in the evening. Mike Nadir and "Snakey" Payne also battle on the mat for decision.

Some fifteen members of the band recently organized rehearsed in English House Hall Tuesday evening. This was the second meeting and excellent progress was made with the new music. They expect to fill their first engagement in the parade Memorial Day.

Cote, the well known cornetist, is leading.
